

Catalog # 10-4612

Matrine

CAS# 519-02-8

(7aS,13aR,13bR,13cS)-Dodecahydro-1H,5H,10H-dipyrido[2,1-f:3',2',1'-ij][1,6]naphthyridin-10-one

Lot # FBA4146

Matrine is a natural product found in the plant *Sophora flavescens*. It has been found to possess myriad biological activities including a positive inotropic effect^{1,2}, reduced glucose intolerance and hepatic steatosis in a mouse model via activation of HSP72³, various anti-cancer effects^{4,5,6}. Matrine has also recently been shown to induce RIP3-dependent necroptosis in cholangiocarcinoma cells.⁷

PHYSICAL DATA

Molecular Weight:	248.36
Molecular Formula:	C ₁₅ H ₂₄ N ₂ O
Purity:	>98% by TLC
	NMR: (Conforms)
Solubility:	Water (>25mg/mL)
Physical Description:	White solid
Storage and Stability:	Store as supplied at -20°C for up to 1 year from the date of purchase. Solutions in water may be stored at -20°C for up to 3 months.

Materials provided by Focus Biomolecules are for laboratory research use only and are not intended for human or veterinary applications.
